US Pat. 6507856 - Filed Jan 5, 1999 - International Business Machines Corporation
5, a flow/block diagram for the business **process automation system** 100 is shown according to the present invention. An **exchange/merge system** 105 receives an ...

Process automation system

US Pat. 6473656 - Filed Sep 16, 1999 - Siemens Aktiengesellschaft
The **process automation system** according to claim 1, wherein at least some of the local technology modules **exchange** function-relevant **data** over the **data** bus. ...

Data communications **system** using a fiber distributed **data exchange** interface

US Pat. 5602852 - Filed Jun 10, 1994 - Kabushiki Kaisha Toshiba
(In the case of factory **automation** alone, the response time of the **data** transmission ... (DCS) and other equipment connected in **process** control **system** LAN, ...

Dynamic and generic **process automation system**

US Pat. 6115646 - Filed Dec 18, 1997 - Nortel Networks Limited
During the **process** definition stage, item 1 represents 15 three buildtime steps
... Tool execution requires an **exchange** of **data** between the tool manager and ...

Field device management **system**

US Pat. 6298377 - Filed Sep 4, 1998 - Metso Field Systems Oy
The core 25 transmits the condition **data** to the event processor for ... of a **process automation system** and based upon a field communication protocol, ...

Method for the location-independent **exchange** of **process data** using **process** ...

US Pat. 6192390 - Filed Jul 27, 1998 - ABB Patent GmbH
In such a method, the **exchange** of **process data** takes place in such a ... There is decoupling of network, **process** computer **system** and application programs. ...

Systems and methods for providing dynamic **data** referencing in a generic **data** ...

US Pat. 5960441 - Filed Sep 24, 1996 - Honeywell Inc.
26, 1994, entitled "**System** for Making **Data** Available to an Outside Software Package by Utilizing ... specific thereby providing an inflexible **data exchange**.
...

Industrial **automation system** and method for efficiently transferring time ...

US Pat. 6505247 - Filed Feb 2, 1999 - National Instruments Corporation
Industrial **automation** applications, also referred to as **process** monitoring ...
This method requires a net DDE (network dynamic **data exchange**) link for each ...

System and method for performing real time **data** acquisition, **process** ...

US Pat. 5859964 - Filed Oct 25, 1996 - Advanced Micro Devices, Inc.
The **system** employs a **data exchange** interface 66 for exchanging **data** between ...
in which the **data exchange** interface 66 employs Microsoft OLE **Automation**. ...

Data synchronous transfer **system** using a fiber distributed **data exchange** ...

US Pat. 5065397 - Filed Aug 14, 1990 - Kabushiki Kaisha Toshiba
These systems are configured so that **data** can be sent within a ... desirable to develop a **data** transfer **system** that has the **data** packet **exchange** functions ...
